

# High-Confidence!

## SOCIALISING

Is networking and using English socially at work an important part of your team's job?

...If so, specify **High-Confidence! Socialising**.

This interactive, two-day seminar takes you through the skills and techniques of building confidence in your use of language within a corporate setting.

Led by our trained leaders, participants learn and practice the key situations faced by executives travelling overseas or interacting socially with foreigners in a work environment.

Areas of focus include teleconferences, meetings, office discussions and socialising within a business setting.
